CARE Program
Office of the Chief/Volunteers in Police Service

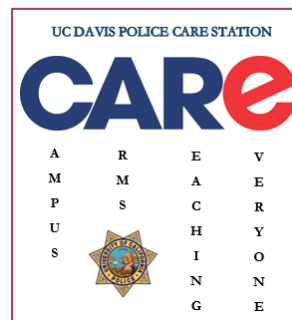

ALL ABOUT CAMPUS ARMS REACHING EVERYONE (CARE)

It is the role of the UC Davis Police Department to provide Law Enforcement Services to all members of the community including those who visit the Sacramento or Davis campus and are either homeless or do not have the means to CARE for themselves. This program also addresses longer term community members such as students, faculty and staff who are also in need of some type of CARE. The UC Davis Police Department is committed to acting as a CARE station while promoting other campus partners to support this program through implementing their own UC Davis Police Department CARE station. This program is fully funded through personal community contributions of goods with no expectation of consideration for the contribution.

This program is managed by student assistants to the chief of police in partnership with patrol officers and the UC Davis Police Department Volunteers in Police Service (VIPS). Providing short term resources such as a CARE package and relocation to temporary shelter is the goal of every contact involving a homeless member of our community. Furthermore, expanding this program throughout the campus community ensures all members of the community are being served.

WHAT DOES CARE PROVIDE

- Access to a CARE package. This short term CARE package provides the essentials for those community members that find themselves in a time of need. (See attached for a CARE package contents list)
- Access and transportation to short term shelter and meal solutions. UC Davis Police Officers will provide transportation to local services as time permits.
- The CARE program provides training to those campus units wishing to be part of the program. This two hour in person presentation will provide community members the tools they need to serve everyone.
- The CARE program provides training to members of the UC Davis Police Department consistent with Department policy. Every member of the UC Davis Police Department is considered part of the CARE program and philosophy.

CARE NEVER ASKS WHY

Members of the community requesting a CARE package are never questioned as to their need. Help is always provided.

OUR PARTNERS

The UC Davis Police Department will partner with our Davis and Sacramento mental health professionals in an effort to address long term solutions related to homelessness at UC Davis.

UC DAVIS POLICE DEPARTMENT POLICY 464 STATES

464.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The UC Davis Police Department recognizes that members of the homeless community are often in need of special protection and services. The UC Davis Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

464.1.1 POLICY

It is the policy of the UC Davis Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.
